PROFILE

Gameplay programmer focused on player movement, physics, and multiplayer systems. Experienced in Unreal Engine, C++, Blueprints, Godot, and JavaScript. Lead programmer on student game projects, with studio programming and web development experience. Studying Game Design & 3D Animation with a Computer Science minor.

WORK EXPERIENCE

Veritas Social / Sloss City Music Festival JUN 2026 - PRESENT
Creative Director

- Direct creative work for Veritas Social. Created artist promotions, event announcements, billboards, and sponsor materials for Sloss City Music Festival (Sept. 18, 2026).

IronSpark Studios MAY 2026 - PRESENT
Programmer

- Program gameplay systems for studio projects. Built the studio website's responsive layouts, navigation, and project presentation using PHP and JavaScript.

Samford Game Design Studio 2025 - 2026
Lead Programmer & Artist - Ding Dong

- Led programming for Ding Dong, a two-player co-op horror game. Built multiplayer replication and A⁎ routing; created NPC and first-person hand artwork.

Samford University 2024 - PRESENT
Campus Leadership

- SGA Executive Board Chaplain (2026-Present): organize campus faith programs and participate in legislative decisions. Pi Kappa Phi Executive Committee - Philanthropy Chair (2025-Present) organized fundraising and disability-awareness initiatives.
